

Proposal

New Faculty Demand – Spring 2026

PROPOSAL FOR FACULTY REQUIREMENTS

The proposal for faculty demand for Spring 2026, as per the existing resources of the Department of Computer Science, Abdul Wali Khan University Mardan, is submitted.

1.1. VISION AND MISSION

a. Vision Statement

To be one of the Top Universities of the country, striving to have an impact on the global Scene.

b. Mission Statement

To empower a diverse community of learners by involving all stakeholders, thus providing them with opportunities to excel in their lives and professional careers by creating an enabling learning environment focusing on quality education, fostering impactful research, promoting innovation for growth, and imparting skills through experience and collaboration.

1.2. FACULTY (PERMANENT/ACTIVE)

The following faculty members are currently active and in permanent faculty positions.

S#	Name	Designation
1.	Prof. Dr. Sher Afzal Khan	Dean P&NS/Professor
2.	Prof. Dr. Nadeem Iqbal	Chairman/ Professor
3.	Prof. Dr. Maqsood Hayat	Professor
4.	Prof. Dr. Rahim Khan	Professor
5.	Dr. M. Irfan Uddin	Associate Professor
6.	Dr. Muhammad Tahir	Assistant Professor
7.	Dr. Hashim Ali	Assistant Professor
8.	Dr. Aftab Ahmed	Lecturer
9.	Dr. Ashraf Zia	Lecturer
10.	Dr. Nazia Azeem	Lecturer
11.	Dr. Muhammad Shahzad	Lecturer
12.	Mr. Shahzad Alam	Demonstrator

1.3. FACULTY (ON LEAVE/ABSENT)

The following faculty members are either on leave, absent, or have a status not cleared.

S#	Name	Status
1.	Dr. Izaz ur Rehman	Associate Professor – On Leave
2.	Dr. Mehwish Kundi	Assistant Professor – On Leave
3.	Dr. Fazl-ullah	Assistant Professor – On Leave
4.	Dr. Muhammad Zakariya	Assistant Professor – On Leave

5.	Dr. Amir Akbar	Lecturer – On Leave
6.	Dr. Salman Khan	Lecturer – On Leave
7.	Dr. Rooh Ullah Jan	Lecturer – On Leave

1.4. FACULTY (ON VISITING)

The following faculty members are engaged in visiting.

S#	Name	Qualification
1.	Dr. Alamgir Safi	PhD in Computer Science
2.	Dr. Asif Rahim	PhD in Computer Science
3.	Ms. Sawera	MS/MPhil in Computer Science
4.	Mr. Nadeem Ullah	MS/MPhil in Computer Science
5.	Ms Nimra Baig	MS/MPhil in Computer Science
6.	Mr. Syed Faraz Ali Shah	MS/MPhil in Computer Science
7.	Mr. Ameer Hamza Khan	MS/MPhil in Computer Science
8.	Ms. Kiran Falak	MS/MPhil in Computer Science
9.	Mr. Sher Afghan	MS/MPhil in Computer Science
10.	Mr. Zia Ur Rehman	MS/MPhil in Computer Science
11.	Mr. Umer Tanveer	MS/MPhil in Computer Science
12.	Mr. Farhan Zaid Khan	MS/MPhil in Computer Science
13.	Mr. Muhammad Jamil	MS/MPhil in Computer Science
14.	Mr. Atta Ur Rehman	MS/MPhil in Computer Science
15.	Mr. Muhammad Asif	MS/MPhil in Computer Science
16.	Mr. Sheeraz	BS in Computer Science

1.5. ACADEMIC PROGRAMS WITH ANNUAL INTAKES

The following academic programs are offered by the department for student intake.

Program	Yearly Intake
Bachelor of Science in Computer Science (BSCS)	600
Specialization - Honors	150
Specialization – Artificial Intelligence	150
Specialization – Cyber Security	150
Specialization – Software Engineering	150
Master of Science in Computer Science (MSCS)	10-15
Ph.D. in Computer Science (Ph.D.(CS))	1-5

1.6. CURRENTLY ENROLLED STUDENTS

Program	BS CS	BS AI	BS SW	BS CyS	Total	Actual*
BS Batch I (Fall 2022 – Currently in 7 th Semester)	132	117	122	--	371	364
BS Batch II (Fall 2023 – Currently in 5 th Semester)	132	128	141	76	477	469
BS Batch III (Fall 2024 – Currently in 3 rd Semester)	128	132	129	123	512	504
BS Batch IV (Fall 2025 – Currently in 1 st Semester)	142	142	162	150	596	596
MS (All Active students)					72	
PhD (All Active Students)					32	
Total					≈ 2060	≈ 1933

*Excluding the currently dropped-out students

1.7. FACULTY REQUIREMENTS CALCULATION

Program	Requirements
Current Faculty	Permanent Faculty = 12 Pabbi Campus Faculty = 4 Timergara Campus Faculty = 3 On Leave Faculty = 7 Visiting Faculty = 16 Total = 42
Total Students (BS, MS, PhD)	2060
Current Students/Faculty Ratio	49:1 (2060/42)
Required Students/Faculty ratio as per NCEAC:	29:1
Number of Faculty needed to maintain 29:1 ratio	71 (2060/71 ≈ 29)
Credit Hours for CS (BS/MS/PhD:277) Others: 112	
Current allocation of credit hours per faculty	15-18
Per faculty credit hours required as per NCEAC	9
Minimum NEW Faculty Members Needed	71 – 42 = 29

Faculty Demand Calculation based on Sections:

To divide the students into sections, we follow the NCEAC guideline, which requires 7 faculty members for a program with 200 students. If each section accommodates 50 students, the total number of sections becomes 4. Distributing the required faculty evenly across these sections results in $7 \div 4 = 1.75$ faculty members per section. Since faculty allocation must be in whole numbers, this is rounded up to 2 teachers per section.

Program	Students	Sections (Calculation)	Sections (Actual)	Teachers (Calculations)	Teachers (Actual)
7 th Semester	364	$364/64^* = [5.68] = 6$	6	$7/4 \times 6 = [10.5] = 11$	12
5 th Semester	469	$469/64 = [7.32] = 8$	7	$7/4 \times 7 = [12.25] = 13$	14
3 rd Semester	504	$504/64 = [7.87] = 8$	8	$7/4 \times 8 = 14$	16
1 st Semester	596	$596/64 = [9.31] = 10$	12	$7/4 \times 12 = 21$	24
4 Batches	≈ 1933		≈ 33	≈ 58	≈ 66

*As per statute, we must enroll up to 64 students per class

In summary, for 4 batches with approximately 2,000 enrolled students, resulting in 33 sections, approximately 66 teachers (either permanent or on a regular contract basis) are required.

Teachers Demand Calculation based on Job Status:

Status	Total	Teachers (Calculation)*	Teachers (Calculation)**	Teachers Needed
Permanent	12	$58 - 12 = 46$	$66 - 12 = 54$	54
Pabbi Campus	4	$58 - [12 + 4] = 42$	$66 - [12 + 4] = 50$	43
Timergara Campus	3	$58 - [12 + 4 + 3] = 39$	$66 - [12 + 4 + 3] = 47$	40
On Leave	7	$58 - [12 + 4 + 3 + 7] = 32$	$66 - [12 + 4 + 3 + 7] = 40$	47
Visiting	16	$58 - [12 + 4 + 3 + 7 + 16] = 16$	$66 - [12 + 4 + 3 + 7 + 16] = 24$	24

* This calculation is based on the requirement of 58 teachers as per the actual faculty requirement for the given sections. The rows show the calculations depending on whether faculty with a particular status are counted. For example, if faculty on leave (7) and visiting faculty (16) are not counted, but sub campus faculty ($4+3=7$) and permanent faculty (12) are counted, then the required faculty demand becomes $58 - (12 + 4 + 3) = 32$ faculty members.

** This calculation is based on the assumption that approximately 66 teachers are required for 33 sections. The row-wise calculations indicate the number of faculty members required when faculty of a given status are either included or excluded.

In summary, given that 66 teachers are required for 33 sections and faculty on leave, sub-campus faculty, and visiting faculty are counted, then at least 24 additional teachers are needed to meet the minimum NCEAC requirement. This ensures compliance with the standard of at least 7 teachers for every 4 sections and maintains the required student–teacher ratio of 29:1.

1.8. NEW FACULTY DEMAND

Based on the above requirements and analysis, it is requested to advertise **24 posts of Lecturer** Computer Sciences/ Information Technology on a contract basis as per HEC criteria.

The above-mentioned posts of lecturer (on contract basis for a period of three years) under Section 11(5)(e) of the Khyber Pakhtunkhwa Universities Act-2012 (Amendment-2024) shall be extended yearly on a performance basis, and no extension shall be admissible beyond the period of three years as per Khyber Pakhtunkhwa Universities Act-2012 (Amended – 2024).
